A one line diagram, signed by the author, showing wire sizes, disconnect, etc., must be submitted with application.

Each trailer must be anchored in an acceptable manner to prevent overturning. Each trailer may or may not have electrical power. Multiple trailers on one site may be inspected on the same visit and fall under a special fee policy determined by the Chief Building Official.

Service and trailer must be submitted on the same application and ready to inspect at the same time/same visit.

Construction power service entrance is covered under a separate fee policy.

Fees are due at the time of application.
